

Growing the KlikFire Family...

Offering Financial Independence...

Sharing Our Success with Others...

5%
of all member cash back
will go to support the
efforts of a non-profit
organization or other
worthy cause

KlikFire is starting a new program this year where we will share our success with others and help support the efforts of non-profit organizations and other good will causes during these financially stressful times.

KlikFire is setting aside a 5% matching portion of all member cash back earned and putting it into a pool. Every quarter, one or more organization(s) will be selected to receive donations from this pool. We hope this shared success will make a difference in more than one way!

Keep an Eye Out...

Check your e-mail and the KlikFire site for more information, updates and the opportunity to submit the organization of your choice for participation in this pool!
